

Overall of Chapter 1

Chapter 1: Basic Concepts of Design of Measurement & Control Instruments

王代华，博士，教授，博士生导师
Dr. Dai-Hua, Wang, Professor

PILab 精密與智能實驗室
Precision and Intelligence Laboratory

Outline

- ❑ Concept of M & C
- ❑ Concept of instruments
- ❑ Components of a general instrument
- ❑ Types of M & C instruments
- ❑ Measurement and control instruments
- ❑ Properties and prospect
- ❑ Design requirements
- ❑ Design procedure

Lecture Organization

- ❑ Lecture 1: *Introduction to Measurement & Control Instruments*
- ❑ Lecture 2: *Trends and Design Requirements of Measurement & Control Instruments*
- ❑ Summary
- ❑ Acknowledgement

Summary

- ❑ Concept of M & C
- ❑ Concept of instruments
- ❑ Components of a general instrument
- ❑ Types of M&C instruments
- ❑ Measurement and control instruments
- ❑ Properties and prospect
- ❑ Design requirements
- ❑ Design procedure

The End

Thank you very much for your attention !
